CURRICULUM VITAE

Hamburg Natural History Society
3556 Lakeshore Rd., Ste. 230
Blasdell, NY 14219

Education:

Ph.D., Geosciences with Minor in Teaching, Learning, and Sociocultural Studies, University of Arizona, 2016. Dissertation entitled 'Diversity in Geoscience: Critical Incidents and Factors Affecting Choice of Major' (Karl W. Flessa & Kristin S. Gunckel, Co-advisors).

M.S., Geological Sciences, University at Buffalo, 2007. Thesis entitled 'Ground penetrating radar investigation of the Late Quaternary Hiscock Site, western New York State' (Gregory S. Baker and Jason P. Briner, Co-advisors).

B.S., Geological Sciences, University at Buffalo, 2004.

Professional Experience:

Executive director, Hamburg Natural History Society/Penn Dixie Fossil Park & Nature Reserve, Hamburg, NY, 2015-present. Duties include:

- Day-to-day management and operations of a nonprofit cultural organization
- Staffing and supervising educational programs at a 54-acre nature center
- Fulfilling financial and contractual obligations while maintaining steady growth
- Grant writing, marketing, public relations, member and donor correspondence, newsletter editing, report writing, and graphic design for organization
- Recruiting board members, facilitating monthly board meetings, and networking with community contacts to develop and increase organizational capacity

Undergraduate advisor, Department of Geosciences, University of Arizona, 2014-2015.

Duties included:

- Advising undergraduate geoscience majors and minors
- Assisting students with course scheduling and career counseling
- Providing administrative support and distributing degree information

Logistical Support Coordinator/Head Cook, Geology Summer Field Camp, Department of Geology, University at Buffalo, 2004-2015. Duties included:

- Purchasing and transporting provisions across three states for month-long field program
- Oversight of camp menu, cook staff, and student health and wellbeing

Outreach Coordinator, Department of Geosciences, University of Arizona, 2012-2014. Duties included:

- Organizing departmental outreach efforts and planning new activities
- Promoting geoscience in the community at the Tucson Festival of Books, Tucson Gem & Mineral Show, and in Tucson public schools
- Collaborating with university organizations to deliver science to the public

Program Coordinator, National Science Foundation Award # 0914401: Southern Arizona Geosciences Union for Academics, Research and Outreach (SAGUARO), 2009-2013, <http://saguaro.arizona.edu/>. Duties included:

- Oversight of day-to-day program functions
- Recruitment and retention of underrepresented minority students into the geosciences
- Grant writing, data collection, and program evaluation
- Organization of field trips, mentoring, and research experiences for interns

Chair, Earthweek Conference Committee, University of Arizona, Spring 2012.

- Organizing and leading graduate student representatives from six units comprising the University of Arizona School of Earth & Environmental Sciences
- Delegating tasks, coordinating meetings, and planning the details of a week-long student science conference

Graduate Research Assistant, Materials Science & Engineering Department, University of Arizona, 2008-2010. Duties included:

- Collection and analysis of electrical geophysical field data
- Exploration of underground solar energy storage sites as part of the Arizona Research Institute for Solar Energy (AzRISE)
- Ground penetrating radar investigations of crime scenes

Program Coordinator, NSF-OEDG Buffalo Geosciences Program, State University at Buffalo, 2004-2007. Duties included:

- Development and implementation of program model, goals, and outreach
- Presentation of outreach materials to Buffalo Public School students
- Supervision of high school and undergraduate student research projects
- Compilation of reports and program statistics for NSF

Graduate Research Assistant, Department of Geology, University at Buffalo, 2004-2007

Undergraduate Research Assistant, Department of Geology, University at Buffalo, 2002-2004

Teaching Experience:

Lecturer, GEOS 251 Physical Geology, University of Arizona, Summer 2015. Duties included:

- Piloting of special hybrid (i.e., online lectures, in person labs) version of course
- Organizing course materials, developing instructional and assessment materials, facilitating classroom discussions, implementing labs, grading
- Leading field trip to Mt. Lemmon
- Supervising undergraduate preceptors

Instructor, UA Science: Sky School, University of Arizona, 2013-2015. Duties included:

- Inquiry-based science tours of Mt. Lemmon for K-12 students

- Presentation of earth science, astronomy, ecology, math, and history lessons to K-12 students in an informal classroom and outdoors setting
- Leadership of inquiry groups for research projects and presentations
- Organizing group sing-alongs and other leisure activities

Graduate Teaching Associate, GEOS 170 A1 Earth: Birth to Death, University of Arizona, Fall 2010, Fall 2011, Spring 2012, Fall 2012, Spring 2013, Fall 2013, Spring 2014. Duties included:

- Development of in-class lecture tutorial activities with place-based geoscience concepts
- Leading weekly study groups, grading, substitute teaching

Graduate Teaching Assistant, GEOS 399 Independent Study: Flandrau-Sky Island NSF Project, University of Arizona, Spring 2011. Duties included:

- Guided undergraduate research projects on geology and ecology of Mt. Lemmon
- Organized field trip of Mt. Lemmon for non-scientists from the Tucson community

Funding/Support:

- 2019 Community Foundation for Greater Buffalo (\$35k) for hazardous waste cleanup
- 2018 Community Foundation for Greater Buffalo (\$15,500) for visitor center design
- 2016 Ronald McDonald House Charities Grant (\$3,875) for Penn Dixie astronomy programs
- 2016 Erie County Cultural Funding (\$90k) for Penn Dixie (annual application)
- 2015 National Science Foundation Award #1540596 (\$288,404) for proposal "Pathways into geosciences at the University of Arizona"
- 2014 University of Arizona Graduate College Scholarship (\$3,500)
- 2013 Software Sponsorship (\$400 value), QSR International
- 2013 University of Arizona Graduate College Scholarship (\$4,700)
- 2013 Summer Scholarship (\$1,360), Department of Geosciences, University of Arizona
- 2013 Maxwell Short Scholarship (\$1,500), Department of Geosciences, University of Arizona
- 2013 University of Arizona College of Science Galileo Circle Scholarship (\$1,000)
- 2011 Graduate Student Research Grant (\$2,700), Geological Society of America
- 2010 TRIF Fellowship (\$18,000) for "Geophysical imaging of the Tucson Mountains for potential solar energy storage", Department of Radiology, University of Arizona
- 2010 Wesley Peirce Scholarship (\$1,875), Department of Geosciences, University of Arizona
- 2009 Travel Grant (\$450), University of Arizona Graduate & Professional Student Council
- 2009 National Science Foundation Award #0914401 (\$155,000) for proposal "The Southern Arizona Geosciences Union for Academics, Research, and Outreach (SAGUARO): A Track 1 Program for Enhancing Diversity at the University of Arizona"
- 2008 Student Travel Grant (\$250), GSA Geoscience Education Division
- 2007 John Sumner Memorial Scholarship (\$10,000), Mining & Geological Engineering Department, University of Arizona
- 2006 Mark Diamond Research Fund Student Research Grant (\$1500), Graduate Student Association, University at Buffalo
- 2005 Graduate Student Research Grant (\$1500), Geological Society of America
- 2003 Buffalo Association for Professional Geologists Undergraduate Research Grant (\$500)

Honors and Awards:

- 2017 Innovation Award presented to Penn Dixie by the Hamburg Chamber of Commerce
- 2014 Acceptance into the Exemplary Teaching Activity Collection for lesson entitled “The Evolution of Earth through Time” by the NAGT *On the Cutting Edge* program
- 2013 Runner-up of Best Overall Presentation for talk on “Why do so few Hispanics major in geoscience?” at the 41st Annual University of Arizona GeoDaze Conference
- 2011 Invited panelist for National Science Board meeting on the Changing Landscape of Undergraduate STEM Education, Sept. 13, University of Arizona
- 2010 Outstanding Service Award, Department of Geosciences, University of Arizona
- 2009 Co-winner of Best Student Paper Award for oral presentation of “Spreading roots: The goals and challenges of establishing a self-sustaining diversity program in southern Arizona” at the 2008 Geological Society of America Meeting (Geology & Society Div.)
- 2004 Reginald H. Pegrum Award for Outstanding Senior Geology Student, Department of Geology, University at Buffalo
- 2004 Most Improved Academic Club (Geology), Undergraduate Student Association, University at Buffalo
- 2003 Excellence in Community Service Award (Geology Club), Undergraduate Student Association, University at Buffalo

Field Trips & Informal Teaching:

Invited eSeminar presenter on “Critical incidents, minority earth science majors, and NVivo: Sorting stuff out, real fast” for QSR International (approx. 300 registrants), Fall 2013.

Organized and participated in 7-day van tour of the Colorado Plateau and Rocky Mountains in Arizona, Utah, and Colorado as part of trip to the Geological Society of America Sectional Meeting in Gunnison, CO (2 students attended and presented), Summer 2013.

Organized and participated in 6-day van trip entitled “Craters, calderas, and Camarasaurus! Oh, my!” to several National Parks and other geological & cultural sites in Arizona, Utah, Wyoming, Idaho, Montana and Colorado for SAGUARO students and mentors (10 students attended), Spring 2012.

Organized and participated in 5-day van trip entitled “Across the Rio Grande Rift” to several National Parks and other geological & cultural sites in Arizona, New Mexico, and Colorado for SAGUARO students and mentors (7 students attended), Spring 2011.

Organized and participated in half-day tour of Mt. Lemmon in Tucson, Arizona for University of Arizona students, friends and families, and other community members as part of Flandrau-Sky Island Project (approx. 30 people attended), Spring 2011.

Invited presenter on “Geophysics in a nutshell” at “Science in Society” Workshop Series, Department of Aerospace and Mechanical Engineering, University of Arizona, Summer 2010.

Organized and participated in 5-day van trip entitled “Through the Colorado Plateau” to

southeastern Utah, Canyonlands, Arches, and Capitol Reef National Parks for SAGUARO students and mentors (9 students attended), Spring 2010.

Invited workshop presenter on “Seeing isn’t always believing: An archaeological perspective on ground penetrating radar” at the Council for Northeast Historical Archaeology Annual Conference in Buffalo, NY, Fall 2007.

Invited speaker for “On the Early History of the Hiscock Site: Results from a Ground Penetrating Radar (GPR) Investigation” at the Buffalo Museum of Science, Spring 2007.

Invited speaker on “Earth: In Hot Water (Global Climate Change)” for Science Exploration Day at the University at Buffalo, Spring 2007.

Organized and participated in 5-day van trip to Philadelphia, PA for student presentations at Geological Society of America national conference and geologic field trip to Wissahickon Creek Park (11 students attended), Fall 2006.

Invited speaker for “Preliminary Results of Ground Penetrating Radar (GPR) Investigation of the Hiscock Site” at the Buffalo Museum of Science, Spring 2006.

Organized and participated in weeklong van trip to Harrisburg, PA, Lynchburg, VA, and Knoxville, TN, for presentations at two Geological Society of America regional conferences, visits to historic Civil War sites, and tour of Great Smoky Mountain National Park (8 students attended), Spring 2006.

Invited speaker on “What’s Down There? Imaging the Earth with Radar Waves” for Science Exploration Day at the University at Buffalo, Spring 2006.

Invited speaker on “Using Ground Penetrating Radar for Near-Surface Investigations” for Archaeology class at Canisius College, Spring 2006.

Organized and participated in weekend van trip to Sandusky, OH, for a tour of Glacial Grooves State Park (26 students attended), Summer 2005.

Public Relations/Publicity

2016-present

Compendium of articles -- see <https://penndixie.org/our-history>

2015

“Partnership connect transfer students, geosciences” by Alicia Saposnik, UA News, August 27.

2014

“Outreach to parents could draw more Hispanics to Geosciences” by Alicia Saposnik and Mari N. Jensen, UA News, January 24.

2013

“Geosciences reaches out” by Philip J. Stokes, in University of Arizona Geosciences Newsletter, Summer Edition.

2012

“Earth week to present research” by Stephanie Casanova, Daily Wildcat, March 27.

“EarthWeek to feature student research” by Alicia Saposnik and Mari N. Jensen, UA News, March 26.

2010

"Diversity in Geosciences: National policies to local opportunities" by Philip J. Stokes, in University of Arizona Geosciences Newsletter, Spring Edition.

"Diversity in the geosciences: National policies to local opportunities" by Philip J. Stokes, in GSA Geology & Society Division Newsletter, March.

2009

"Broadening the Geosciences in Southern Arizona" by Pete Brown, Arizona Engineer Online, UA College of Engineering, October 2.

"Cold case revisited: Dorothy and Danielle Pitcher" news clip, KOLD News 13, Tucson, September 14.

2007

"Buffalo "City Girl" conducts Arctic research" by Ellen Goldbaum, UB News Release, May 22.

"Science exploration day to bring 750 students to UB" by Ellen Goldbaum, UB News Release, March 9.

2006

"Students explore science: Hundreds of high school students attend annual UB event" by Jessica Keltz, UB Reporter, March 23, v. 37 (25).

Memberships of Professional Organizations:

Buffalo Association of Professional Geologists, Member, 2003-2007; 2015-present

-Student Vice President, 2006-2007

Geological Society of America, Member, 2004-present

National Association of Geoscience Teachers, Member, 2005-present

Other Professional Experience: Software

IBM SPSS Statistics 20, QSR NVivo 10, Adobe Creative Suite, Microsoft Office Suite, Rockware Rockworks, Interpex IX1D, Emigma, GSSI RADAN, and Sensors & Software GPR Suite.

Geophysical Equipment

Geonics EM-31; Sensors & Software ground penetrating radar; GSSI ground penetrating radar; GEM Systems magnetometer; & Zonge Engineering GDP32-II CSAMT and NanoTEM.

Workshops Attended

2014, InTeGrate: Broadening Access to the Earth and Environmental Sciences, Tempe, AZ

2011, NASA Center for Astronomy Education (CAE) Legacy Program Teaching Excellence Workshop, Kohala Coast, HI

2006, Emerging Leaders Forum, Leadership Development Center, Buffalo, NY

2003, Leadership Experience and Achievement Program (LEAP), Leadership Development Center, University at Buffalo, Buffalo NY

Professional, Community & University Service:

Erie County Environmental Management Council, 2017-present

Alumni Advisory Board, Department of Geology, University at Buffalo, 2014-present

Travel Grant Judge, University of Arizona Graduate & Professional Student Council, Fall 2013

Student Event Coordinator, Environmental & Engineering Geophysical Society Annual Meeting, Tucson, AZ, Spring 2012

Ad hoc reviewer of NSF Geosciences Directorate grant proposal, Spring 2011

Webmaster, Department of Geosciences Annual GeoDaze Symposium, University of Arizona,
Spring 2010 & Spring 2011

Activity Leader and closing speaker, Geosciences/MESA Saturday Science Academy, University
of Arizona, Fall 2009 & Fall 2010

Field Trip Leader, 78th Annual New York State Geological Association Meeting, University at
Buffalo, Fall 2006

Pro-bono geophysical consulting for The Landmark Society of the Niagara Frontier at the
historic Warren and Polly Hull House, Lancaster, NY, Spring 2006

Student Member, Geophysics Candidate Search Committee, Department of Geology, University
at Buffalo, Fall 2006 and Spring 2007

Event supervisor, Western New York Science Olympiad, 2003-2006; 2015

President, Undergraduate Geology Club, University at Buffalo, 2003-2004

Fall trash cleanup of Niagara Falls Gorge, 2002-2004
